### **A REPORT ON INDUSTRY ADVISORY BOARD MEETING**

The Chemistry Department hosted an Industry Advisory Board Meeting on 6<sup>th</sup> December 2023. The meeting aimed to bridge the gap between academia and industry with a primary focus on refining the syllabus to ensure its alignment with the practical demands and advancements of the field.

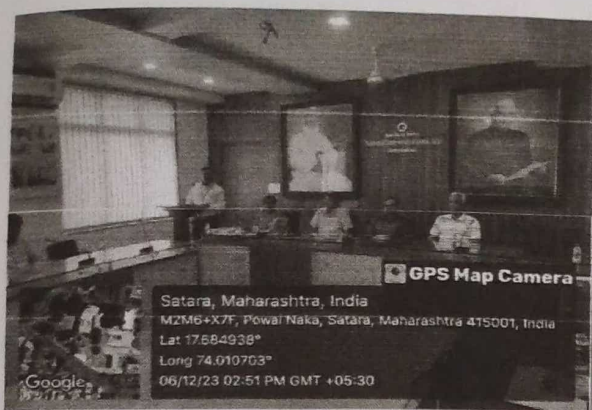

Dr. P. V. Chavhan welcomed the participants and Dr. P. V. Chavhan welcomed the participants and provided an introduction that set the tone for the meeting. He emphasized the importance of collaboration between academia and industry for the holistic development of students.

Mr. Mandar Lele, Mr. S. S. Deshpande, and Mr. S. P. Wathare shared valuable insights on industrial requirements. Discussions included the relevance of the current syllabus to industry needs and suggestions for improvements. Industry experts provided feedback on the existing curriculum, suggesting enhancements to align it with practical industry applications. The need for robust industrial training programs for students was emphasized, and recommendations were made for industry collaborations in this regard. Suggestions were put forward to incorporate more industrial visits into the curriculum to expose students to real-world applications of theoretical knowledge. Discussions focused on the importance of project-based learning tailored to industry needs. Industry experts shared their experiences and proposed project ideas. Recommendations were made for collaborative activities between the department and industries, fostering a closer working relationship. The suggestion of providing seed money for entrepreneurship initiatives was discussed, promoting innovation and self-employment among students.

Key industry resource persons, Mr. Mandar Lele, Mr. S. S. Deshpande, and Mr. S. P. Wathare, along with the Head of Chemistry Department, Dr. S. T. Mahanwar, and department staff, actively participated in the discussions.

The Chemistry Department Industry Advisory Board Meeting facilitated a fruitful exchange of ideas between academia and industry. The active involvement of industry experts, faculty, and staff demonstrated a commitment to enhancing the quality of education and ensuring students are well-prepared for the demands of the industry. The recommendations and insights gathered during the meeting will be instrumental in shaping a more industry-relevant curriculum and fostering meaningful collaborations.

Mr. D. N. Gaikwad expressed gratitude to all participants for their valuable contributions. He highlighted the collaborative spirit of the meeting and the commitment to implementing positive changes.

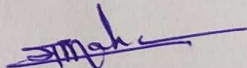

1. Introduction Given By Dr. P. V. Chavan

2. Resource person welcomed by Dr. S. T. Mahanwar

3. Discussion on the syllabus
