Report of
Extension Activity on "Cashless Payment System"
19 December, 2022

Department of Computer Science has organized an "**Extension activity for Cashless Payment System"** on 19 December, 2022.The key concept of this activity is to exchange the knowledge to society about cashless payments and which payment methods can be used securely.

In this Activity Mrs. M. V. Pawar, (Asst. prof. Department of computer Science, YCIS Satara) conducted the session about cashless Payment. She covered the following topics in this activity on cashless payment - internet banking, digital payment methods, banking cards and their use, different types of online financial transactions, and Different modes of online payment.

The Participants were from the society, rural areas for this activity. Total 20 participants participated for this extension activity.

Mrs. M.V. Pawar (Asst. Prof., Department of Computer Science) have given vote of thanks and shared her ideas related with the cashless India and congratulated to participants.

Outcome:

People in the society understood the use importance of cashless payments system.
