Two Days Hands On Workshop on PCB Design & Etching 11th-12th August 2017

Department of Electronics & Computer Science had organized “Two Days Hands On workshop on PCB Design & Etching” on Friday, 11th 2017. The key concept of this workshop is to exchange the knowledge & technical skills in PCB designing & Etching of students. The workshop began with a welcome speech by Mr. J. A. Wagh, Coordinator of workshop and he has explained the theme of the workshop. The workshop was inaugurated by Chief Guest Hon. Dr.K. G. Kanade, Principal, Y. C. I. S., Satara. He expresses his views on different new technologies and guide students on different aspects of technology

In these two days hands on workshop 6 sessions were conducted on different technologies required for PCB designing and Etching. More than 30 students were participated in this workshop. Sessions include ‘Introduction to PCB Design, Introduction to DipTrace, PCB design case study, Methods of PCB Etching, PCB Etching lab work.

The Valedictory function of these two days workshop had began with welcome speech by Mr. J. A.Wagh. The Chief Guest of valedictory function Hon.Vice.Prin.Dr.N.A.Ghanwat (Vice Principal Y. C. I. S, Satara) had delivered valedictory speech and shared his ideas related with current technology and congratulated to participants and resource persons. Hon.Mr.J.A.Wagh (Coordinator of workshop) delivered the presidential address. Mr. S. K.Shinde proposed vote of thanks.

Feedback Analysis

Criteria	Excellent	Good	Satisfactory	Fair

Suggestions :-

1) Arranges more workshops on different technologies like Embedded , Networking ,FPGA,PLC,SCADA etc.
