Online Education

1. Does all programs/courses were completed on time.	Yes		
2. Measures taken to complete the syllabus of courses and programs.	<p>Yashavantrao Chavan Institute of Science, Satara had geared itself in 2020-21 to meet the Covid-induced hurdles in the teaching-learning process. This initial preparation provided the necessary momentum to face the academic year 2021-22. The institute decided to execute the curriculum delivery in the blended mode. For post graduate students and final year under graduate students, the classes were held offline taking into consideration all the norms of covid protocol. For first year and second year under graduate students, the curriculum was delivered in the online mode using G- Suite and Zoom platform. The broadband connections with increased speed enabled the faculty to conduct the online classes as per the time table. By the second semester of the academic year all the classes were conducted offline in the campus. All the necessary precautions were taken for the same. The entire theory syllabus and practicals was completed on time with the collaboration of faculty and students. Also the post graduate students were able to finish their projects and research training on time. The blended learning policy of the institute enabled us to conduct all the exams in a hassle free manner. Also the autonomous status of the institute helped us to complete our exams way before the other colleges in the jurisdiction of Shivaji University, Kolhapur.</p> <p>Our institute is a member of N- List to enable access of online books and reading material. Apart from this, the e- library portal on the website enabled the access of e- learning resources for students as well as faculty. The faculty on their end also saw to it that the reference books and reading material were shared with the students regularly through google classroom and social networking sites like whatsapp and telegram. Apart from the syllabus of the regular curriculum, the teaching and evaluation of the Diploma and Skill courses were also completed on time. The online platform made it easy for the resource persons of these programs to connect with the students and impart the course related knowledge. The online webinars and conferences provided a platform for the Masters students to present their research work and interact with the scientific community and earn the required credits. We being the local chapter of NPTEL, 597 students and faculty (as compared to 80 last year) enrolled for the NPTEL-SWAYAM courses of which 23 participants were able to successfully complete the courses. The fact that we have not yet been able to transfer the credits of this courses to the transcript might be one of the reasons that most of the students didn't complete the course. The institute has initiated measures to fill up this lacuna. The institute has on the whole adapted the blended learning mode and used it in full capacity to ensure effective curriculum delivery to the stakeholders.</p>		
3. The period of delay in completion of syllabus (in months).	0		
4. The period of delay in conducting exams (in months).	0
