Extension Activity Report

**Time and Date: 11.30am – 1:00 pm, Friday 02/12/2022**

**Title: Scope of the Statistics**

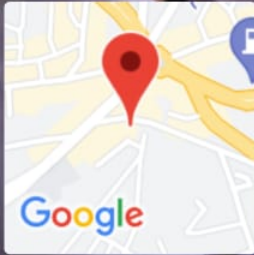

**Venue: Maharaja Sayajirao Vidyalaya & Jr. College, Satara.**

At Maharaja Sayajirao Vidyalaya and Jr. College, Satara, the department of statistics from the Yashwantrao Chavan Institute of Science, Satara, has performed an extension activity. 78 students from the 12<sup>th</sup> grade science class participated in this activity overall.

The program was introduced by Mr. Jadhav N. V at the outset. All of the students are welcomed by Dr. D. S. Jadhav, who also provides a brief overview of the YC college's history. Since many students were unfamiliar with the subject of Statistics, Mr. P. H. Mahadik gave a presentation on its scope. He concentrates mostly on the employment options in Statistics following B.Sc. and M.Sc. degrees in the subject. Additionally, he offers details on possibilities for further study in the field of Statistics. During the question-answering session, he allayed all of the students' doubts.

At the conclusion of the activity,, Mr. K. A. Ghorpade proposed a vote of thanks of the Principal of Maharaja Sayajirao College for providing an opportunity to conduct an extension activity. He also expressed gratitude to all of the kids for their enthusiastic engagement.
