Title of Activity: Workshop on “From Lab to Entrepreneurs: Turning Ideas into Successful Businesses”

No. of beneficiaries: 85

Day & Date – Monday, 12.01.2026

Time: 11.30-02.30 pm

Description of Activity:

Introduction: The workshop on “From Lab to Entrepreneurs: Turning Ideas into Successful Businesses” for B.Sc. III and M Sc I students was organized by the Department of Chemistry & IIC under ED cell at the Yashavantrao Chavan Institute of Science, Satara on 12th Jan 2026. For this workshop, the resource persons were Dr. Rohit Kolekar, Managing Director, Ecogreen Agro science Pvt Ltd, Satara and Dr. P. V. Chavan, P G Dean, YCIS, Satara. Dr. N. D. Nikam was president of the function. The introduction of the workshop and resource persons was given by Dr. G. D. Kokate.

Objectives: 1) To motivate students to transform chemistry-based ideas into viable entrepreneurial ventures.
2) To know the strategies of business development

Address by Resource Person:

A workshop titled “From Lab to Entrepreneurs: Turning Ideas into Successful Businesses” was organized with the aim of encouraging students to transform chemistry-based ideas into viable business opportunities.

The first resource person, Dr. Rohit Kolekar, shared his inspiring entrepreneurial journey. He discussed his success story, the challenges and problems faced during the initial stages of his business, and the practical solutions adopted to overcome them. He emphasized how chemistry-based ideas can be converted into commercial products by identifying market needs, developing scalable solutions, and adopting innovative business strategies. The session motivated students to think creatively and consider entrepreneurship as a career option.

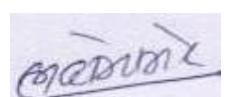

The second resource person, Dr. P. V. Chavan, delivered a session focusing on the various facilities and support systems provided by the institute to promote entrepreneurship. The speaker explained the availability of incubation facilities, research infrastructure, mentorship, funding opportunities, and institutional support for students aspiring to start new businesses. This session helped students understand how to utilize institutional resources effectively for startup development.

Outcome of the Programme: 1) Students gained knowledge about entrepreneurship and startup development
2) Participants understood the process of converting laboratory ideas into commercial products
3) Awareness was created about institutional facilities available for supporting startups

Conclusion: The workshop was highly informative and interactive. It successfully bridged the gap between academic research and entrepreneurship, encouraging students to transform their innovative ideas into successful business ventures.

Financial details of utilisation: 1300/- (The one thousand three hundred rupees amount from ED cell budget head utilized for the resource persons for this lecture).
