**Title of Activity:** Workshop on “Idea to Enterprise: A Startup Workshop”

**No. of beneficiaries:** 26

**Day & Date:** Saturday, 10.01.2026

**Time:** 11:00 – 02:00 pm

**Description of Activity:**

**Introduction:** The workshop on “Idea to Enterprise: A Startup Workshop” for B.Sc. III students was organized by the Department of Mathematics, Department of Statistics & IIC under ED cell at the Yashavantrao Chavan Institute of Science, Satara on 1th Jan 2026. For this workshop, the resource persons were Ms. Sneha Gharge, Solution Architect, QHills Technology, Satara and Ms. Hrutuja Salunkhe, Lead of Special Projects, QHills Technology, Satara. Dr. D. S. Jadhav was president of the function. The introduction of the workshop and resource persons was given by Mr. P. H. Mahadik.

**Objectives of the Programme:**

- 1) To create awareness and motivation among students about entrepreneurship and startup culture.
- 2) To develop entrepreneurial skills through practical exposure to industry and startup ecosystems.

**Address by Resource Person:**

A workshop titled “**Idea to Enterprise: A Startup Workshop**” was organized with the aim of motivate and guide students to develop an entrepreneurial mindset by understanding how innovative ideas can be transformed into successful business ventures through practical exposure to startup culture and industry practices.

The first resource person, Ms. Sneha Gharge delivered an insightful address on “**Entrepreneurship & Startups: How Ideas Become Businesses.**” She explained the complete journey of transforming an idea into a successful enterprise, beginning from problem identification and idea validation to market research, business model development, and execution. She emphasized the importance of innovation, customer-centric thinking, teamwork, and resilience in overcoming challenges faced by startups. Through real-world examples and industry experiences, she motivated students to think creatively, take calculated risks, and view entrepreneurship as a viable and rewarding career option.

The second resource person, Ms. Hrutuja Salunkhe delivered an engaging session on “**AI Today: From Machine Learning to Agentic Intelligence.**” She provided an overview of the evolution of artificial intelligence, highlighting key concepts such as machine learning, deep learning, and the emerging role of agentic intelligence in automating decision-making processes. She discussed real-life applications of AI across industries and emphasized how AI-driven solutions are transforming businesses and startups. Her session helped students understand the relevance of AI in the modern entrepreneurial ecosystem and encouraged them to explore AI-based innovations and future technologies.

**Outcome of the Programme:**

- 1) Students developed practical understanding of entrepreneurship and enterprise development.
- 2) The workshop encouraged startup initiatives and strengthened industry–academia interaction.

**Conclusion:** The workshop was highly informative and interactive. It successfully bridged the gap between academic research and entrepreneurship, encouraging students to transform their innovative ideas into successful business ventures.

**Financial details of utilisation:** 2000/- (The one thousand rupees amount from ED cell budget head utilized for each resource persons for this lecture).
