Mentoring Session on Lean Startup & Minimum viable Products/Business
Report

The Department of Food Technology, Y.C.I.S. Satara organized an guest lecture on “**Lean Startup & Minimum viable Products/Business**” on Monday, 16th March 2024 for the class B. Sc II & III students under the Incubation Cell, Institution Innovation Council. We had erudite resource persons; Mrs. Fatima Shaikh (Entrepreneur, Satara).

The resource person. Mrs.Fatima Shaikh (Entrepreneur, Satara) focused on the **Entrepreneur and Entrepreneurship**. Also the guests emphasized on the **Lean Startup & Minimum viable Products** and guided about the steps involved in business setup. Total 60 students showed their presence for their lecture. The resource persons gave their tremendous contribution to show the right path to the students to choose their business as career wisely.

The resource person also focused on the **Business Strategy**. Also the guests emphasized on the Startups and Entrepreneurship Strategies to make any business

wealthier. The lecture was concluded with the questions & answers session of the students with the guest.

The Lecture was concluded with an interactive session of the students with the guests. Positive response of the students was appreciated.
